

CONSULATE UPDATES

Queensland will be ending the year with a bang with a range of exciting events this October, including the return of the Japanese Film Festival later this month, and a tour by the Saitama Wild Knights in early November.

As the weather warms up, we have also been able to enjoy the spring air and flowers, including at AJS's recent Night in the Gardens at Mt Coot-tha, which featured a range of Japanese performances, and at JETAA's upcoming Hanami (flower viewing) picnic under the jacarandas on 22 October. We hope you are enjoying the sunshine!
